MOST PROUD OF

Be creative

Programming and being creative are not always things that go together, I like that, I love Frontend development.

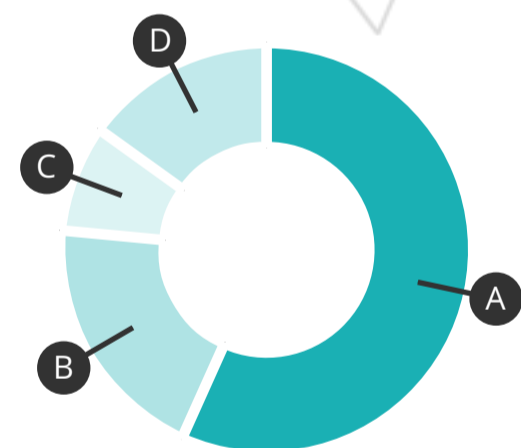

Problem solver

I failed a lot of times but me and my team can find the solution to each problem.

Microsoft Student Partner

Between 2012 - 2015, thanks to that I was in Seattle and Microsoft headquarters.

A DAY OF MY LIFE

- A Developing software
- B Learning new things
- C Meetings with clients
- D Consulting, training, conferences
